Sapphire Shower Seat Accessories

CODE: 077/LEGS (WHEN SPECIFYING STYLE) e.g. 077/304/800RM/LEGS - As displayed above

Fold Down Support Legs

The folding support legs can be integrated to any of the Sapphire range of shower seats to give added support.

Specially incorporated is a positive lock allowing the legs to be held at 90° to the seat brackets. With adjustable legs being an integral feature, the seat can then be installed at various heights for convenience of the user.

Adjustable Height Wall Mounts

These heavy duty wall mount brackets are ideal for adjusting to the users perfect height, having a generous range of 300mm. Constructed out of quality grade stainless steel for strength and durability.
